Bill Peach Journeys has been taking clients to the Northern Territory and the Kimberley region for over 30 years. This journey has been handcrafted to include some of our favourite destinations in this region. The areas are completely different and at the same time huge distances are involved to get from place to place. Using private aircraft we transport you from place to place in a timely fashion whilst seeing incredible sights from the air. From the wetlands of the Mary River Floodplains on the edge of Kakadu National park to the rich red landscape of coastal Kimberley this will be a programme you will never forget.

"Each day there was another highlight. Visiting remote places made possible via small aircraft access. The remoteness of the Kimberley.... delightful."

- Margaret Haggarty, NSW

Airboats are one of the best ways to see the birdlife that teems here and skimming through a wilderness of clear water and tall grass at dawn or at dusk is a truly magical experience. Out boating on the Sampan River silver flashes of fish break the surface, all sorts of creatures move in the grass, the air is warm and still and all eyes scan the shallows for big saltwater crocodiles.

On guided walks and drives search for brumbies, buffalo, dingos and wallabies or pause to consider an intriguing reptile or the adaptations of a particular insect.
