This morning we take a 4WD tour to Mount Conner, which is situated on a vast cattle station, called Curtin Springs Station. Here we will learn about the fauna of the Red Centre and discover an ancient inland salt lake.

Tonight, we have a most memorable outback experience as we enjoy the iconic 'Sounds of Silence' dinner before viewing the breathtaking art installation, Field of Light Uluru^. Day 3 | Uluru

This morning we will fully appreciate the unsurpassed splendour of Central Australia from an incredible perspective, one only a lucky few are privileged to experience. Marvel as we view Uluru from the air in morning light by helicopter, a never to be forgotten sight! Equally impressive are the domes of Kata Tjuta and the vast expanse of Lake Amadeus, the state's largest salt lake containing a staggering 600 million tonnes of salt. Aerial sights of Kings Canyon will also take your breath away. Enjoy a gentle and flat scenic creek bed walk along the canyon floor, between the colossal canyon walls. Gaze in awe as the towering rock walls glow in different hues of red broken by the craggy gorge, lush vegetation and imposing cliffs. Along the trail, you will see unique flora and fauna, including ferns, eucalypts, and mature River Red Gums.

After our return flight back to Uluru, we enjoy lunch at the hotel before transferring to the Uluru-Kata Tjuta Cultural Centre where we learn about Anangu Culture and the park's natural environment.

Later, depart to view the incredible sound and light show, Wintjiri Wiru^ which brings to life the ancient Mala story of the Anangu people, a story passed on for thousands of generations. With the use of ground-breaking technology, choreographed drones, lasers and projections illuminate the night sky. Launched in May 2023, it is the first time an experience of this magnitude has been performed anywhere in the world.
