"I've come to expect the best from Bill Peach Journeys. I packed exactly what was suggested and it worked perfectly."

Mrs E. Dwyer, Glen Waverley, VIC

Bill Peach Journeys invites you on a remarkable discovery of the awe-inspiring Red Centre with Australia's leader in small group luxury travel. Discover this ancient landscape and its flora and fauna while exploring Mount Conner on Curtin Springs Station by 4WD. Board your private aircraft for a breathtaking scenic flight over the iconic landmarks of Australia's Red Centre. Marvel at the majestic Uluru and the domes of Kata Tjuta at sunrise before soaring over the shimmering salt flats of Lake Amadeus and the rugged beauty of Kings Canyon. Explore Kings Creek Station by 4WD and take the stunning Creek Bed Walk. Continue your flight over the spectacular West MacDonnell Ranges to the dramatic impact site of Gosses Bluff followed by panoramic aerial views of the striking Mount Conner.

Spend four nights at the multi award-winning Sails in the Desert, a decidedly luxurious outback experience. View the acclaimed Wintjiri Wiru drone show in the spiritual heart of Australia and enjoy the renowned Field of Light illuminated art installation featuring the Sounds of Silence Dinner experience under the Southern Desert Sky. If you have ever been drawn to Australia's Red heart, now is the time!

ABOUT SOJOURNS

Our Sojourn programmes are short break journeys put together in conjunction with themes, events or experiences. These programmes range from exploring Australia's Top End to world class events and unique experiences throughout Australia and New Zealand.

DAY 1 | ARRIVE ULURU

Transfer from Ayers Rock Airport to the multi award-winning Sails in the Desert, a luxurious desert oasis. Enjoy an afternoon at leisure before departing for our incredible welcome dinner this evening, a most memorable outback experience. Tonight, we view the incredible art installation, Field of Light before enjoying the iconic Sounds of Silence dinner. Against the vast desert, this light installation features more than 50,000 spheres that bloom as darkness falls under a sky brilliant with stars. Overnight: Sails in the Desert

DAY 2 | ULURU

This morning we take a 4WD tour to Mount Conner, which is situated on a vast cattle station, called Curtin Springs Station. Here we will learn about the fauna of the Red Centre and discover an ancient inland salt lake. Following some free time this afternoon, we depart to view the incredible sound and light show at Uluru, Wintjiri Wiru which brings to life the ancient Mala story of the Anangu people, a story passed on for thousands of generations. With the use of ground-breaking technology, choreographed drones, lasers and projections illuminate the night sky. Launched in May 2023, it is the first time an experience of this magnitude has been performed anywhere in the world. Upon return, we will enjoy dinner at the hotel. Overnight: Sails in the Desert

DAY 3 | ULURU

This morning we will fully appreciate the unsurpassed splendour of Central Australia from an incredible perspective, one only a lucky few are privileged to experience. Marvel as we fly above Uluru at sunrise, a never to be forgotten sight! Equally impressive are the domes of Kata Tjuta and the vast expanse of Lake Amadeus, the state's largest salt lake containing a staggering 600 million tonnes of salt. Aerial sights of Kings Canyon will also take your breath away before landing at Kings Creek Station. Here, journey through magnificent desert oaks, cruise over rolling red sand dunes, and take in the vast views and roaming wildlife as we transfer in 4WD's to Kings Canyon. Enjoy a gentle and flat scenic walk along the canyon floor, between the two colossal canyon walls. Gaze in awe as the towering rock walls glow in different hues of red broken by the craggy gorge, lush vegetation and imposing cliffs.

Re-board your private aircraft for more spectacular 'flightseeing' of the West MacDonnell Ranges followed by Gosses Bluff (Tnorala), an enormous comet impact site and a place of significant international scientific interest. Rising 180 metres above the desert, the crater is an astounding five kilometres in circumference and was created approximately 142 million years ago, when a huge comet struck Central Australia, leaving one of the largest impact

craters in the world. We fly on to view Mount Conner, the eastern most of Central Australia's giant tors (monoliths). Mount Conner is flat-topped and horseshoe-shaped and measures 3 km by 1.2 km. Returning by private aircraft, we enjoy lunch at the hotel before transferring to Walpa Gorge where we will walk between the mighty conglomerate domes that make up Kata Tjuta and learn how they have evolved over millions of years. Overnight: Sails in the Desert

DAY 4 | ULURU

Free time this morning may find you relaxing or perhaps discovering the delights of the Gallery of Central Australia and Yulara shopping precinct nearby. This afternoon, transfer to the Uluru-Kata Tjuta Cultural Centre where we learn about Anangu Culture and the park's natural environment. Overnight: Sails in the Desert

DAY 5 | DEPART ULURU

This morning we travel towards Uluru, its vast shape rising from the sand dunes as the early dawn light shines over this amazing monolith. Embrace the culture, geology and environment during an unforgettable base walk tour. Saying a fond farewell to new friends, this spectacular 'Red Centre' odyssey concludes and you will be transferred to Ayers Rock Airport for your flight home.
